

Enjoy the unique Greek Easter

The Greek Orthodox Easter is the biggest religious event of the year, widely celebrated across all Greece and appreciated with great enthusiasm by locals and visitors alike. The festivities involve a series of religious ceremonies, including the Holy Week leading up to Easter Sunday. People attend church services, participate in processions, and engage in various traditions, such as the midnight Resurrection service with the traditional Mageiritsa, candle lighting, and the breaking of red-dyed eggs symbolizing Christ's resurrection. Families and friends gather for festive meals, and there's a sense of joy and renewal during this important holiday.
